

# Put Your LinkHere.Page on Your iPhone

## Directions for Safari

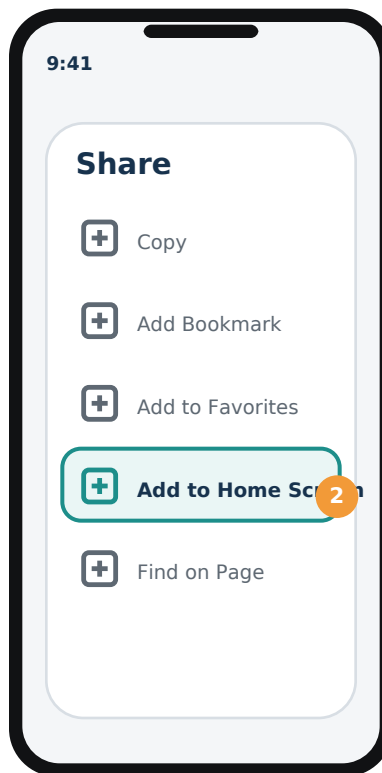

No App Store needed. You are creating a one-tap shortcut on your Home Screen.

Your link: **linkhere.page/YourFullName**

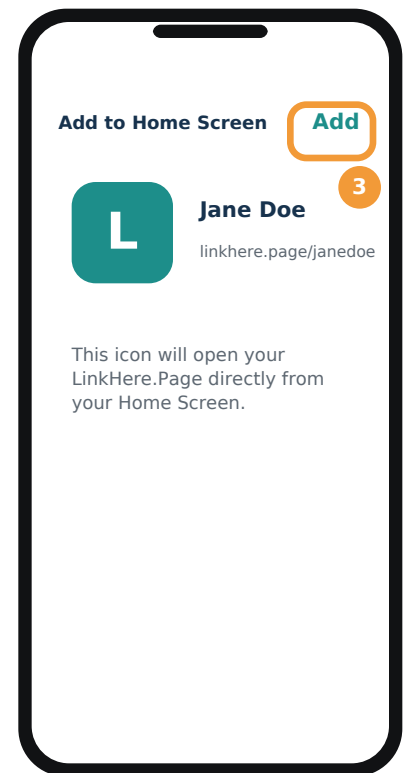

Use your full name with no spaces.

Find the Share button

Choose Add to Home Screen

Tap Add

### 1 Open Safari

Type your personal LinkHere.Page address into the address bar and open the page.

### 2 Tap the Share button

Look for the square with an arrow pointing up. It is centered near the bottom of Safari.

### 3 Choose Add to Home Screen

If you do not see it right away, scroll down in the Share menu.

### 4 Check the name, then tap Add

Use your name or a short label you will recognize. The icon will appear on your Home Screen.

**Finished: Tap the new icon anytime you want to open your LinkHere.Page.**

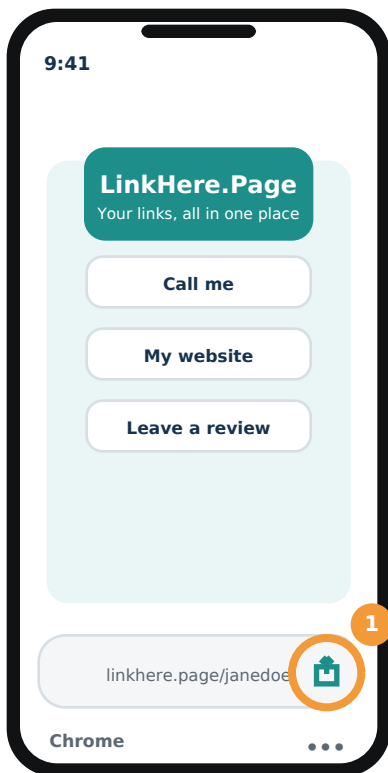

# Put Your LinkHere.Page on Your iPhone

## Directions for Chrome

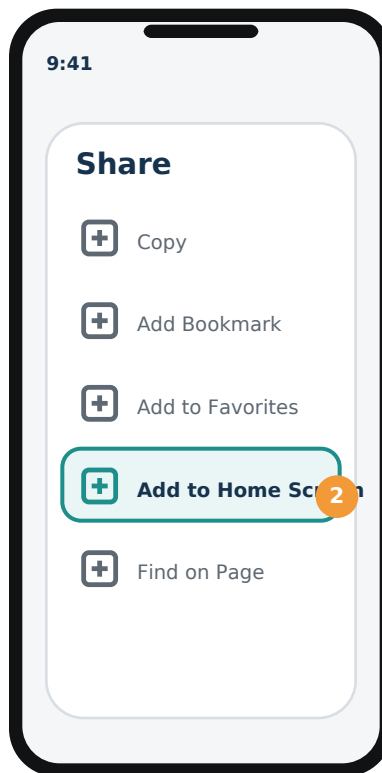

No App Store needed. You are creating a one-tap shortcut on your Home Screen.

Your link: **linkhere.page/YourFullName**

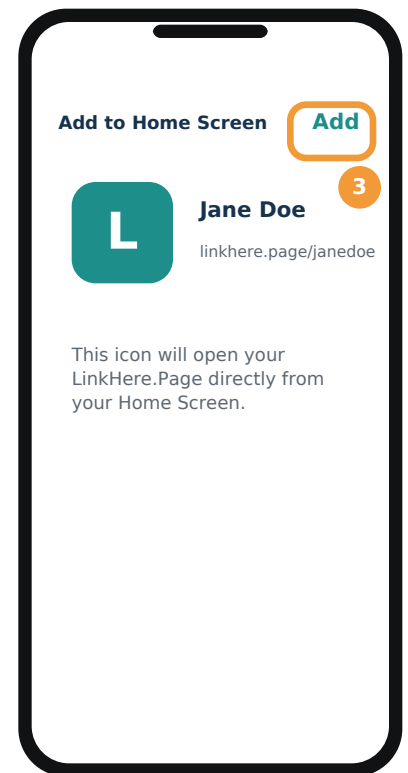

Use your full name with no spaces.

Find the Share button

Choose Add to Home Screen

Tap Add

### 1 Open Chrome

Type your personal LinkHere.Page address into the address bar and open the page.

### 2 Tap the Share button

Look for the square with an arrow pointing up. In Chrome, it is beside the address bar.

### 3 Choose Add to Home Screen

If you do not see it right away, scroll down in the Share menu.

### 4 Check the name, then tap Add

Use your name or a short label you will recognize. The icon will appear on your Home Screen.

**Finished: Tap the new icon anytime you want to open your LinkHere.Page.**

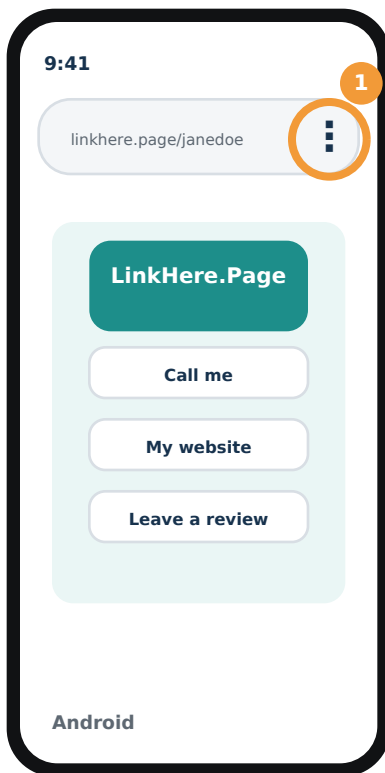

# Put Your LinkHere.Page on Your Android

## Directions for Chrome

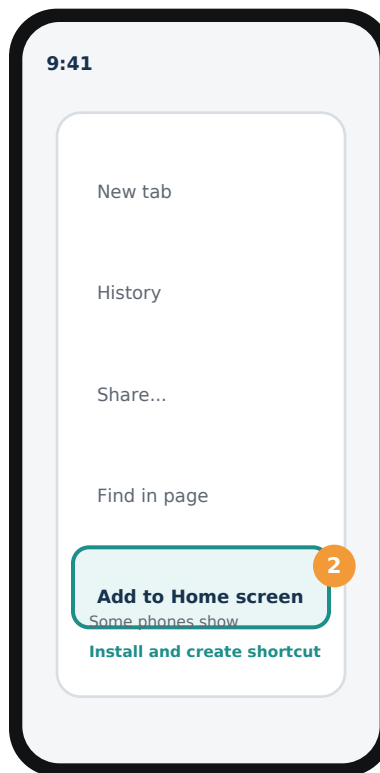

The wording may vary slightly by phone, but the path is the same.

Your link: **linkhere.page/YourFullName**

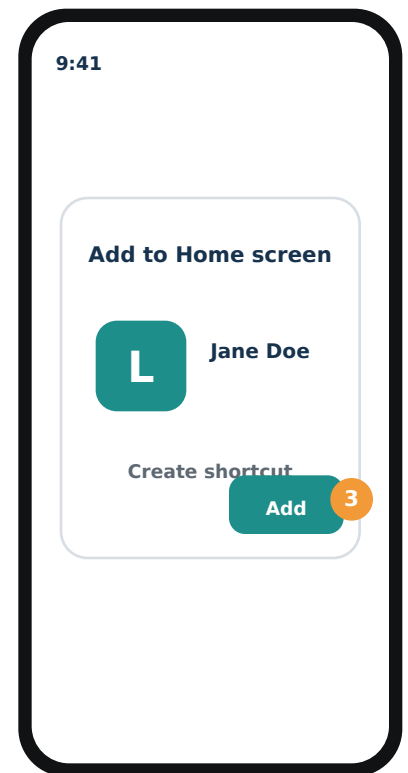

Use your full name with no spaces.

Tap the three dots

Choose the Home Screen option

Create the shortcut

### 1 Open Chrome

Type your personal LinkHere.Page address into the address bar and open the page.

### 2 Tap the three dots

Look to the right of the address bar for the More menu.

### 3 Choose the Home Screen option

Tap Add to Home screen. Some phones show Install and create shortcut, then Create shortcut.

### 4 Check the name, then tap Add

Your phone may ask you to tap Add one more time or place the icon yourself.

**Samsung Internet: Open the menu, tap Add page to, then Home screen.**
